

## **NEW TAX CREDIT INCENTIVE!**

Ultra Geothermal has a Water-to-Water heat pump that meets the tax credit criteria! Most companies don't have water-to-water (radiant floor heat system) equipment qualified but the Hydron Module has one that does and it comes with a 10 year full warranty! Geothermal installations in the years of 2009 and 2010 are eligible for a 30% federal tax credit, with no cap. Contact us for more information.
